

refreshing qualities without any of the injurious tannin. When we also note that a medical friend has recommended its use to his patients, we feel sure that many will benefit by using this little article. There are two sizes, costing one shilling and one shilling and sixpence.

THOMPSON AND CAPPER'S POCKET INHALER (55, Bold Street, Liverpool).—This combined mouth and nose inhaler will be found doubly useful to those requiring such an article, on account of its compactness. As its name so well implies, it can easily be carried in the pocket at any time. The inhaler complete measures less than six inches, and either end can be used, the one of glass for the mouth, the other in the form of two india-rubber "tits" for the nostrils, while the centre cavity contains the cotton wool, upon which can be sprinkled eucalyptus oil, or any inhalant ordered. These sell for the moderate price of one shilling, in box complete.

MESSRS. JOHNSON, JOHNSON AND CO. (50, Southwark Bridge Road) have been most successful with their 2s. blend of pure Ceylon tea. This growth, as is well known, is the least injurious of all, and if care is taken in infusing it—con-

cerning which instructions are sent out on every packet "put up" by this firm—there is no reason why the consumer should not receive all the refreshing and invigorating benefit without any of the after ill-effects that some complain of. Furthermore, regardless of their thirty years' well-known reputation for good teas, Messrs. Johnson, Johnson and Co. are offering a free sample to any who like to send for it, so that our readers can test and try before they buy, and so judge for themselves.

BAILEY'S PATENT RUBBER COMPLEXION BRUSH AND WASHING GLOVE is certainly a most useful addition to the toilet. A morning bath can be made much more enjoyable by the use of this glove, as it invigorates the body, besides leaving the skin delightfully fresh and smooth. It is much softer in its action than the ordinary bath glove, and though perhaps at first it costs a little more, it is decidedly less expensive in the end, for, even if in constant use, it will last for years. We recommend those of our readers who have not yet purchased one to do so, as they are most refreshing for use in hot weather. Messrs. David Moseley and Sons, of 14, Aldermanbury Avenue, E.C., sell these gloves at three and sixpence each.
