**BUCKLAND'S
Bed-Bath & Slipper.**

"THIS exceedingly useful and thoroughly anti-septic article, the invention of Nurse Buckland, M.R.B.N.A., is made in Minton China, and sold wholesale and retail by MESSRS. W. H. BAILEY & SON, 38, Oxford Street, W., can also be used as a "Slipper," and being lightly made, yet particularly strong, is easy and convenient to use, and an improvement on the ordinary and bulky earthenware ones. There are no acute angles to hurt the patient, and no crevices for uncleanly accumulations as in the Tin Baths, whilst the shape is conducive to the comfort of the patient and convenience of the Nurse. They are retailed at 10/6 each, a reduction in this price being made to Nurses, Medical Men, Hospitals, and other Institutions.
