Mrs. Williamson, M.R.B.N.A., of Exeter, is still actively engaged lecturing for the Devon County Council, who have arranged to retain her valuable services until April next.

Miss Bänke asks that it may be noted that she was trained at the London Temperance Hospital and St. Bartholomew's Hospital, not at Birkenhead and at the Middlesex as was stated in this column recently.

Miss Van der Ben and her friends are very anxious to recall to the minds of all her supporters that the next Election for the Royal Hospital for Incurables takes place on Thursday next, the 22nd, and it is much hoped that this urgent case will receive the ready support needed to ensure Miss Van der Ben's Election.

ALICE RAVENHILL, *Secretary of the Corporation.*
