Welcome Visitors.

We are glad to hear that Miss Snively, of the General Hospital, Toronto, and Miss Draper, of Montreal, are coming to Europe, and hope to arrive in time to attend the Nursing Exhibition and Conference. We feel sure their English colleagues will give them a hearty welcome whenever they arrive. We have received the Report, drawn up by a Committee of American Superintendents, concerning a uniform Curriculum of Training for Nurses, in which some valuable suggestions will be found, and which we propose to publish at an early date.
