A Real Convenience. **BASIN ENEMA CLIP.**

Registered No. 265536.

This ingenious little instrument holds the tail of any Enema Syringe firmly at the bottom of the basin, beneath the liquid, making the entrance of air impossible.

It also has another very great advantage, in acting as a rest for the bone rectal (or vaginal) pipe after the enema has been used, and so avoiding the wetting of bed linen or making a mess on the floor or table.

Price 6d.; Post Free 7d.; 5s. per dozen.

THE SIR JULIAN GOLDSMID

HOME OF REST FOR NURSES.

EXTRACT FROM THE LAST ANNUAL REPORT.

"During 1895, there were 254 Nurses and visitors admitted. On the average, each one stayed in the Home for fifteen days, and throughout the whole twelve months there were on the average nearly ten resident in the house. It will, however, be observed that considerably increased assistance in the shape of annual subscriptions and donations is much required. The payments which Nurses can afford to make have been, as they probably always will be, insufficient to cover the entire expenses. The Committee therefore very earnestly appeals for further donations and annual subscriptions to make up the necessary deficiency."

INCLUSIVE CHARGES.

15s. a week, when a Double-Bedded Room is occupied; **21s.** a week for a separate Bedroom.

Applications for Admission should be made well in advance to

THE MATRON, 12, Sussex Square, Brighton.
