REPLIES TO CORRESPONDENTS.

Miss S. Adams, Hampstead.—We think you will agree with our views concerning the Association of Asylum Workers. We are most warmly in favour of the co-operation of women, but we strongly deprecate any body of workers assuming a knowledge and status which they do not possess. The only method of raising the standard of asylum

workers is to raise the standard of their environment and education, and the only method by which the insane can education, and the only method by which the insane can obtain the most efficient nursing is to organise the curriculum of education for asylum attendants upon a broad, general, and scientific, basis. Such a curriculum is impossible in an insti-tution which admits insane patients *only*. The general basis of practical nursing knowledge must be obtained in the wards of a general hospital, just as the *special* education in nursing the insane can only be obtained in an asylum or hospital for the insane and organized can be appreciated by the special content of the speci the insane. No argument can alter fundamental facts. A Register of Trained Asylum Attendants should be compiled and issued by the Association of Asylum Attendants, on the same lines as medical men, dentists, and trained nurses, have compiled the registers of the members of their distinctive professions. Of course all asylum attendants who are also qualified as trained nurses would be eligible for their place on the Trained Nurses' Register; otherwise to place them there would be an act of the grossest injustice to thoroughly qualified nurses.

Miss A. A. Guyn, York.—Notice too late for this week; shall appear in our next issue. Many thanks. C. S., London.—Letter received, but name must be sent

as guarantee of authenticity; not necessarily for publication. Letter will then appear next week.

Miss Rose Conway, Brighton .- Many thanks ; donation

will be acknowledged next week. *Miss S. Summers, Liverpool.*—Thanks for cutting; it is the best review we have seen.

Miss C. Douglas, Wakefield.—Apply to the General Infirmary, Leeds; County Hospital, York; or General Infirmary, Sheffield. Miss J. G., Cardiff.—Apply to the Secretary of State for India, India Office, Whitehall, if nurses are sent to Bombay.

Your previous long residence in India should fit you for nursing work there.
