### ARRANGEMENTS FOR THE CONGRESS.

We have pleasure in giving the Programme as it stands of the International Congress, and the names of the ladies who have been appointed to form the Sub-Committees to organize the details of the various Sections, other Sessional Meetings may perhaps be arranged later, but the interest in the Congress is so great, that the large rooms have been already allotted. It will greatly facilitate the financial arrangements if those intending to be present will apply in good time for their tickets, which are charged at 7s. 6d. for the general public, and 5s. to all those who are members of Societies affiliated to the National Councils; these can be obtained from Miss T. Wilson, 20, Motcomb Street, London, S.W. When the work of receipting and banking, etc., hundreds of small sums is taken into consideration, it will easily be realised how helpful it will be if this can be done by degrees instead of at the last moment. Also the names of all those who constitute themselves members of the Congress before the 1st of June will appear in the first official list of visitors, which will be found convenient for hospitable purposes.
