

Notice to our Readers.

STATE REGISTRATION OF NURSES.

Many requests have reached us that the all-important question of State Registration of Trained Nurses should be dealt with. Preparatory, therefore, to taking effective steps to organize those who are in favour of this form of legislation, we propose to insert every week a form for signature, which will be found among the advertisements on page vi., to enable our readers to record their vote for or against State Registration for Nurses. We most earnestly invite them to express their opinion by signing, cutting out, and returning the forms addressed to

The Editor,
NURSING RECORD,
20, Upper Wimpole Street,
London, W.

Fac-simile slips for signature can be obtained on application to the same address, and London nurses who wish to do so can sign the form at the offices of the Registered Nurses' Society, 269, Regent Street, W., between the hours of 3 and 8 p.m.

In consequence of innumerable complaints, we would advise our readers in provincial towns to order their NURSING RECORD through Messrs. Smith & Son's Bookstall at the Railway Station. In case they have any difficulty in obtaining it in this manner each week, we shall be glad if they will write a post card to the Manager, at the NURSING RECORD Office, 11, Adam Street, Strand, W.C.

by Lemco (Liebig Company's Extract). The Liebig Company were awarded a Gold Medal at the Paris Exhibition of 1867, in recognition of their founding a new industry. Lemco has since gradually increased in public favour until it is now sold all over the world and is used by all leading Hospitals and Armies.

The genuine Liebig Company's Extract is now labelled Lemco—the initial letters of Liebig's Extract of Meat Co.—to enable the public to distinguish it from inferior substitutes.

Comments and Replies.

Private Nurse.—We should advise you to apply for cards as to terms to Miss Ada Selby, 24, Eastbourne Terrace, Hyde Park, W., and to the Secretary, St. Andrew's House, Mortimer Street, W.

Nurse Bolton.—You cannot do better than obtain the first volume of "Practical Nursing," by Miss Isla Stewart, Matron of St. Bartholomew's Hospital, and Dr. Herbert E. Cuff, Medical Superintendent of the North Eastern Hospital, Tottenham. It is published by William Blackwood and Sons, Publishers, Edinburgh, and the price is 3s. 6d. A second and companion volume will appear in due course.

Miss Knight.—We should think that you would find Horlick's Malted Milk very useful. It is not affected by climate, and we are informed by nurses who have used it in the tropics that when run down they have been greatly invigorated by so doing. It is dissolved at once by boiling water or it may be taken dry in the form of a sandwich, between slices of bread and butter. The taste is slightly sweet, but it is one to which a patient quickly becomes accustomed.

Newly Certificated.—Applications for admission to the "Nursing Directory" issued under the authority of the Matrons' Council, will shortly be considered by the "Nursing Directory" Sub-Committee. You can obtain an application form from the Editor, "Nursing Directory," 11, Adam Street, Strand.

Matron.—We are glad to hear that you have "taken the NURSING RECORD from the first number, and lose no opportunity of advancing the reforms which it advocates." It is by the cordial co-operation of Matrons and Nurses all over the country that the legislation which the RECORD has always advocated will ultimately be achieved.

Provincial Certificate.—There is no fund for sending nurses for the plague out to India, and as the India Office does not propose to send out any more we fear you must stay at home unless you pay your own passage.
