

Notices.

OUR GUINEA PRIZE.

Rules for competing for the Pictorial Puzzle Prize will be found on Advertisement page VIII.

In consequence of innumerable complaints, we would advise our readers in provincial towns to order their NURSING RECORD through Messrs. Smith & Son's Bookstall at the Railway Station. In case they have any difficulty in obtaining it in this manner each week, we shall be glad if they will write a post card to the Manager, at the NURSING RECORD Office, 11, Adam Street, Strand, W.C.

Copies of the NURSING RECORD are always on sale at 269, Regent Street, price 1d. As this address is close to Oxford Circus, it will be found a Central Depot.

Comments and Replies.

We have received two shillings "from a thankful patient, East Grinstead," for Miss Rogers' Legal Expenses Fund.

Male Nurse, London.—Wounds of veins are of importance both on account of the immediate and the remote effects they produce. The immediate troubles which have to be dealt with are: (a) dangerous hæmorrhage and (b) entry of air into the vein. The remote troubles are chiefly thrombosis, embolism, pyæmia and œdema of the part corresponding to the distribution of the vein. The immediate troubles are more common in connection with operation wounds, the remote troubles in accidental wounds.

G.B., Richmond.—In spite of scandals in connection with its name, the benefit of the treatment of massage under medical direction is becoming thoroughly recognised in this country. The curriculum is much more thorough abroad, both in Sweden and Germany—also in the United States—than in England. For instance massage as a separate and independent study is the latest novelty at the Berlin University. Two courses are arranged—one of six months' duration for students and one of a month for doctors. They will be held under Professor Zabłudowski's direction at the new University institute for massage and Swedish gymnastics. Dr. Fletcher Little, Harley Street, conducts a thorough course. If you prefer to learn from a lady, Mrs. Palmer receives pupils at 44, Greycoat Gardens, Westminster, S.W.

Christian Scientist.—Sorry you have not the time to wade through the mass of literature you sent us. In our opinion it is an amazing thing that here, in the twentieth century, hundreds of apparently intelligent women, and not a few men, should surrender themselves to this unadulterated bosh (Christian Science); but the fact that they do so is beyond question; for I am told that the Christian Science Temple in London has of late been more extensively patronised than ever.

Isolation Nurse, Sheffield.—Thank you for recommending this Journal to your friends in the Colonies. Get Hoblyn's Dictionary of Medical Terms (Whittaker & Co.), price 10s. 6d.—it is invaluable. Also "Practical Nursing," by Miss Isla Stewart and Dr. Cuff, will suit you; (W. Blackwood, & Son, London and Edinburgh). The articles you require can all be procured at Messrs. Garrould, Edgware Road, W.

Miss G. Norman, Brighton.—Write to Messrs Gaze, 53 Queen Victoria Street, E.C., for a list of winter train services. You had better try the Chalet Biensis, situated above Territet, there you can obtain the services of an English Trained Nurse. Terms inclusive of nurse's services, £3 3s. to £6 6s. per week.
