

## The Society for State Registration.

A meeting of the Executive Committee of the Society for the State Registration of Nurses took place at 431, Oxford Street, W., on Tuesday last. Miss Isla Stewart presided.

The Sub-Committee appointed to revise the Bill of the Society in conformity with the recommendations of the last Executive, presented its Report, which was adopted. The Bill was then discussed clause by clause and it was decided to hold a special meeting of members early in the new year for the purpose of placing the suggestions of the Executive Committee before them.

### NEW MEMBERS.

1657. Miss Mabel E. Partridge, cert. St. George's Inf., Fulham Road, S.W.
1658. Miss Amy Maude Park, cert. St. Marylebone Inf.

## Progress of State Registration.

The exception taken by Sir Henry Burdett's organ to the action of the Kensington Branch of the Women's Liberal Unionist Association in inviting the Secretary of the Royal British Nurses' Association to address the branch on the subject of the State Registration of Nurses is not only impertinent, but ludicrous. Sir Henry "protests against the association of any movement in the supposed interest of nurses with party politics." The movement for State Registration has never been a party one, but it *is* a national one, and, therefore, political, and its supporters seek to interest and inform all political parties in regard to the question.

We hope the Women Liberal Unionists will continue to keep in touch with the progress of the movement. They might consider, for instance, this proposition. If the attitude of mind of hospital autocrats is that which has been displayed to an independent Association of Women such as themselves, what is likely to be the position of nurses in hospitals under the control of men who adopt this intolerant position?
