ETHEL G. FENWICK,  
Hon. Sec.

### The Paris Conference.

Mrs. Bedford Fenwick and Miss Isla Stewart leave for Paris on Monday, the 18th, where they have appointments with the Director of the *Assistance Publique*, and several ladies and gentlemen who are deeply interested in modern nursing in France. They hope to make detailed arrangements for the International Conference on Nursing to be held in Paris on the 18th, 19th, and 20th of June next.

### Vacant Matronships.

The resignations of the Matrons of the Royal Infirmary, Edinburgh, the Great Northern Central Hospital, the British Lying-in Hospital, the Hospital for Epilepsy, London, and the Darlington Hospital, create an unusual number of vacancies at one time. Much as the institutions named will lose by the departure of their able and devoted officers, it means promotion for others, who will, let us hope, emulate their predecessors in good work and devotion to duty.
