THE ASSOCIATION FOR PROMOTING THE
TRAINING AND SUPPLY OF MIDWIVES.

The third Annual Meeting of the above Association was held, by the kind permission of Mrs. S. Bruce, at 2, Cromwell Houses, Cromwell Road, South Kensington, on Thursday in last week. Dr. C. J. Cullingworth presided. The meeting was held for the transaction of business, as it is hoped to have a large public meeting in June, when Princess Henry of Battenberg has promised to be present. The adoption of the Annual Report, moved by Mrs. Wallace Bruce, was carried.

Mrs. Charles Ebdon, who spoke on finance, gave an interesting account of the work of the Home maintained by the Association at East Ham.

Miss Lucy Robinson spoke of the poor salaries offered to midwives, and told of a fascinating report she had received of the work of midwives in Denmark, where they are provided by the State with what are called "nature wants," these including a house and wood, a cow, and its fodder.

The first meeting of the Committee to consider the formation of a Midwives' Defence Union took place on Thursday evening at 31, Finsbury Square.
