APPEAL TO THE HOUSE OF LORDS.

We hope that all members of the Society for the State Registration of Trained Nurses, and other friends of the movement, will bear in mind that the Nurses' Registration Bill has been put down for further discussion in the House of Lords by Lord Ampthill for October 15th. Much good work was done by nurses previous to the second reading of the Bill on July 6th, in approaching members of the House of Lords, and placing before them the reasons for the legislation proposed. Considerable interest was aroused in this way, and we hope that before the 15th inst. many nurses will again adopt the same course.
