E. MARRIOTT & Co., Hastings.

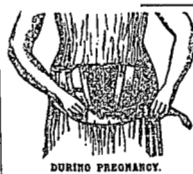

We offer you a carefully written book telling how to feed babies and young children. It is full of useful information for mothers, fathers, and all interested in the proper care of infants. This little book of instruction shows how to prepare Baby's food, and how to make cow's milk similar in every respect to mother's milk, for babies brought up by hand. Attention to the simple rules given will bring nourishment and health to your child, causing it to grow up happy, strong and active. It also tells about Dr. Langen's Sugar of Milk, a pure and delicately refined preparation, for sweetening Baby's Milk in place of ordinary sugar, which every Mother knows to be a prime cause of discomfort and ill-health in infants.

Write naming *The Nursing Record*, and our book will be sent gratis and post free by Burroughs Brothers, 66, Basinghall Street, London, E.C.
