For the very young and the very old

The first thing in dealing with rashes due to external causes is to
 relieve the soreness, irritation and distress: the next, to take active
 antiseptic precaution against secondary infection.

Because it takes both these essential measures efficiently, and
 together, 'Dettol' Ointment is notably successful in clearing up napkin
 and urine rashes.

It promptly cools the burning; it is richly emollient, softening
 and soothing; while to any cracking or other lesion that needs
 safeguarding, it applies the active germicidal principle of 'Dettol'
 Antiseptic.

Dettol Ointment BRAND ACTIVE RELIEF
