And everywhere that Mary went . . . ”*

her R.N.P.F.N. Policy, like the lamb of the Nursery Rhyme, was “sure to go.” At home or abroad, wherever her work takes her, she can keep the policy going. And she is well content, for she can call on her accumulated savings at any time—or leave the policy to mature to give her a pension or cash sum when she retires.

There is a policy for YOU—and every Nurse—in the

*the beauty
of it is...*

that the Milton Feeding Bottle Routine is so simple. Whether a mother is busy, overworked—or let's face it just careless, she can still—with Milton—keep baby's bottle free from germs with very little trouble.

“One of the greatest advances has been the use of Milton in the sterilisation of the feeding bottles and teats. In those hospitals which have adopted the Milton technique, Gastro Enteritis has entirely disappeared. No more broken and cracked bottles from steam sterilisation. What a simple, yet absolutely efficient method”
