

THE GENERAL NURSING COUNCIL FOR ENGLAND AND WALES
FEBRUARY 1955 EXAMINATIONS.

Examination Dates.
WRITTEN PAPERS
PRELIMINARY: Tuesday, February 1st, 1955.
FINAL: Wednesday, February 2nd, 1955.
PRACTICAL EXAMINATION
February 8th to 11th, 1955.
February 15th to 18th, 1955.
*FIRST day for applying for Entry Forms, Tuesday, November 2nd, 1954.
LAST day for applying for Entry Forms, Tuesday, November 16th, 1954.

These dates do not apply to candidates who were present at the October 1954 Examination (see footnote).

LAST day for sending in completed Entry Forms, Tuesday, November 23rd, 1954.
Applications for forms should be addressed to the Registrar, The General Nursing Council for England and Wales, 23, Portland Place, London, W.1. Applications for forms should not be made by telephone, and forms must not be called for unless previous notification is given of the number required. Letters of application for forms should not contain reference to other subjects, as this may cause delay in dealing with the application.

Candidates for the Preliminary Examination must complete the prescribed period of training by the last day of February. Candidates for the Final Examination must have attained the required age and have completed the prescribed period of training by the last day of February.

In no circumstances may a candidate change her Centre after December 22nd, 1954.
RESULTS. The results of the examination will be published at the end of March, 1955.

Signed: M. HENRY, S.R.N.,
Registrar.

* SPECIAL NOTICE : The October Examination results will be posted on November 26th. Candidates WHO WERE PRESENT at and completed that Examination should apply for the February forms not earlier than November 27th, 1954, and not later than December 1st, 1954. These forms must be returned by December 6th, 1954. In no circumstances must any candidate submit more than one entry form and one fee. 30

LITERARY

AUTHORS invited submit MSS all types (including Poems) for book publication. Stockwell, Ltd., Elms Court, Ilfracombe (Estd. 1898). 29

If germs were as big as flies...

every mother would realise the necessity of sterilising feeding bottles. To do this by boiling water is an extra difficulty for women who are probably already rushed off their feet. The beauty of the Milton Feeding Bottle Routine is that it is absolutely effective in killing germs yet so very simple that the busiest woman can carry it out without extra strain.

A film strip on 'Care of Babies Feeding Bottles and Teats' is now available

"One of the greatest advances has been the use of Milton in the sterilisation of the feeding bottles and teats. In those hospitals which have adopted the Milton technique, Gastro Enteritis has entirely disappeared. No more broken and cracked bottles from steam sterilisation. What a simple, yet absolutely efficient method."

Extract from opening address at the Professional Nurses and Midwives Conference and Exhibition on Monday 17th October 1949.

Milton

For full particulars write to the Chief Bacteriologist, Milton Antiseptic Limited, 42-46, Weymouth St., London, W.1
