

PRACTICAL DISPENSING

(ILLUSTRATED).

By C. J. S. THOMPSON.

THIS work is designed to assist students (especially those who have little opportunity of practice) in the study of the Dispenser's Art, and forms a concise but lucid treatise on the subject.

The preparation of Mixtures, Pills, Emulsions, Suppositories, together with such processes as Plaster Spreading and Pill Coating, &c., &c., are carefully described and illustrated, and *Practical Hints* given how to deal with difficulties that may be met with.

There are also given detailed directions for the preparation of Poultices, and of Nutritive Diet for Invalids; a Table of French and English Weights and Measures, and one showing the solubility of salts used in medicine.

PRESS OPINIONS—

From the "British Medical Journal."

"The difficulties that are met with in the preparation of emulsions, mixtures, pills, powders, suppositories, &c., are fully explained. The articles upon special excipients and pills is very complete and thoroughly practical."

From the "Health Messenger."

"This is a capital little work."
