"The Nursing Record"

POST-CARD EXAMINATIONS.

No. 50.

We have received so many letters of regret from our readers in India, United States, and the British Colonies, that they are not able to compete for these very popular examinations, that we now give the questions for the whole of this year, and will henceforth always print a list in advance.

- 50—Question for July:—
 "What should be the daily quantity and constituents of the Urine in health?"
- 51—Question for August:—
 "What may you find in the Urine in disease?"
- 52—Question for September:—
 "What is the signification of Albumen in the Urine?"
- 53—Question for October:—
 "What is the signification of Blood in the Urine?"
- 54—Question for November:—
 "How would you nurse a case of Acute Bright's Disease?"
- 55—Question for December:—
 "What is Dropsy, and with what diseases is it associated?"

In every case the Answers must be received at our Offices by the last Saturday of the indicated month.

A Book or Books of the value of Five Shillings will be awarded for the best answer. Address "The Nursing Record Post-Card Competition," 376, Strand, London, W.C.

(a.) The answer must be written (neatness and distinctness count to credit) in ink, on a thick post-card, with the full name and address of the candidate at the top. The successful candidate's answer will be printed in fac-simile.

(b.) All associated with Nursing work are accepted as candidates, but in case of a "tie" a subscriber will naturally have preference, and for this reason each candidate must mention at the bottom of the post-card, "I am a subscriber," or "I obtain THE NURSING RECORD from——"

(c.) The decision of the Examiners to be final.
 *Give name and address of newsagent where obtained.
