## REPLIES.

*S.G.B., Liverpool.*—The Editor regrets that owing to press of work, she must make it a rule only to answer inquiries in the columns of the NURSING RECORD. We are informed that your name can only appear in the Nursing Directory if it has been entered on the Register of the Royal British Nurses' Association. We are glad you find the Directory useful and interesting each year; as the Nurses appreciate it at its true value, it will probably become more so, and, as soon as it becomes generally known, it will, doubtless, be recognised as an indispensable work of reference by the public. We feel sure as you hold a certificate from such a well-known nursing school, that your application will be successful. Encourage your certificated Nurse friends to apply also.

*Miss Lena Phillips.*—Many thanks. We have forwarded your suggestion to the Proprietors of the Nursing Directory, and are informed that they hope for a wider advertisement of the volume next year.

*Miss J. Fergusson, Worcester.*—Special lessons in Practical Pharmacy and Dispensing are given daily, in connection with the Middlesex College of the Medical Sciences, 40, Charlotte Street, Portland Place, W. Women are also trained in Dispensing at the Pharmaceutical Society. Apply 17, Bloomsbury Square, London, W.C.; at the new Hospital for Women, Euston Road, W.C.; and Zenana Medical College, St. George's Road, S.W.

*Miss F. F. Phillips, London.*—We will keep your request in mind.

## LETTERS RECEIVED.

- B. S. S. B., Liverpool; Miss Bowen, Salisbury.

**GROSSMITH'S ARTIFICIAL  
LEGS and EYES**

**ARTIFICIAL  
EYES, LEGS, ARMS & HANDS.**

**GROSSMITH'S**

PRIZE MEDAL ARTIFICIAL LEGS—with patent action Knee and Ankle Joints—enable the patient to walk, sit, or ride with ease and comfort, wherever amputated. They are lighter in weight, less expensive, and more durable than any self-acting Leg hitherto introduced, and are worn by Ladies and Children with perfect safety. They were awarded the highest medals at the London and Paris Great International Exhibitions, and pronounced by the Surgical Juries to be "excellent in manufacture, well constructed, and on a system superior to all others."

THE PRIZE MEDAL ARTIFICIAL EYES have now been brought to the greatest perfection, and are so easy of adaption that they are fitted in a few minutes, without pain or operation, in any case where sight has been lost. The colours are perfectly matched, and a movement obtained precisely in accordance with the action of the natural eye. They are the only Artificial Eyes which have been awarded Prize Medals at the Great International Exhibitions of London, Paris and Dublin.

Address to Mr. GROSSMITH, Manufactory, 175, Fleet Street, London.

ESTABLISHED 1870.

**Dr. LANGEN'S  
SUGAR of MILK.**

The British Medical Journal says:—"Dr. LANGEN'S Sugar of Milk may be used with confidence in the preparation of infants' food from cow's milk." It makes cow's milk same as mother's milk, and is indispensable for the feeding of babies and invalids. Be careful to ask for Dr. LANGEN'S and take no other. Supplied by good class Chemists and Grocers, in 1-lb. tins only, price 1 s. 9d. per tin. We will send any reader naming the *Nursing Record*, a carefully written "Mother's Guide," gratis and post free. Write to BURROUGHS BROS., 66, Basinghall Street London, E.C.
