We have been much pleased with the excellence of various surgical dressings which have been submitted to us by Messrs. Robinson & Sons, of Chesterfield. The waterproof accouchement sheets, manufactured by this firm enable the India-rubber sheeting, which is generally employed, and the discomforts of which are known to every Nurse, to be dispensed with. The grey cotton wool which forms the backing of the sheet is made impermeable to water, and, composed as it is of layers of cotton wool, its softness makes it most comfortable to the patient, while the waterproof back makes it most cleanly in its use. The manifold ordinary and antiseptic wools, lints, and gauzes prepared by this firm, and kept very conveniently in stoppered glass bottles, are of first-class quality, and very moderate in price.

## IRISH NURSES.

To the Editor of "The Nursing Record."

MADAM,—We have waited in hopes that before this some of our Irish Sisters would have had the courtesy to thank our friend and champion, Mr. F. S. Adair, for his kindly interest in our welfare. We can only say that our experience fully corroborates every word of his letter, and that we hope, now that he has so clearly put the matter before the public, it will not be allowed to drop. Fair Play is all we want, and surely it is not too much to expect that.

Dublin, Feb. 26th, 1894. THREE IRISH NURSES.

## Comments and Replies.

## REPLIES.

Copies of the Regulations of the Registered Nurses' Society will be sent at the end of the week to all those Nurses who have applied for them.

*Miss Beverley, York.*—Begin your training in a Children's Hospital—it is a speciality—and as you have been used to attend upon your little brothers and sisters, you will doubtless prove very useful. You cannot enter a good General Hospital until you are twenty-three.

*Miss Davies, Waterford.*—It is not possible that the Institution can pay you a higher salary, as the fees in Ireland for a Nurse's services are so much lower than in London. The high fees paid in America appear strange to us, until we realize the price of living. A dollar is only worth about one shilling.
