## REPLIES.

*Miss Beaumont, Philadelphia.*—Thank you so much for your interesting letter. We are always greatly interested in the progress of Nursing matters in the States, and only wish we could be present at the promising meeting to be held in Boston next month. We are sending you the papers you mention. Alterations, however, will be made in the By-Laws at the next Council Meeting on the 17th inst. I will then forward a copy when corrected.

*Miss Annesley Kenealy.*—Thanks for MS. Will appear in due course. Shall be glad to have Scotch impressions.

*Miss Sutees, Paris.*—We should advise you to consult Miss Newman, the Lady Superintendent of the Hertford British Hospital, Paris. We hope to be in Paris at Easter, and shall then hope to make your acquaintance and learn the details of your scheme. We are forwarding papers and reports concerning the R.B.N.A. by this post. We feel sure all difficulties can be overcome in time.

*Miss Ward, London.*—We should advise you to enter a good General Hospital, where the term of training is three years with certificate when efficient. This qualifies for Registration. Order the Nursing Directory for 1895, at our Offices, 11, Adam Street, Strand.
