The latest and greatest improvement in Clinical Thermometers ever made. Easy to shake down.

HICKS' NEW "FACILIS" THERMOMETER,
Patented in England and America.

Everyone knows the trouble in knocking and swinging a Clinical Thermometer to bring down the index after use. The "FACILIS" only requires one or two swings to "set" it.

To be obtained everywhere, by all Nurses, at 2/6 in case.

East London Hospital for Children, Sharnwell, E., Aug. 10th, 1897.
In accordance with your request, I have pleasure in stating that "RONUK" has been used in this Hospital for some time past, and that the same has given every satisfaction. I may add that I consider it an economy in both labour and material.
(Signed) ADELAIDE ROW, Lady Superintendent.

Workhouse and Infirmary, Brighton.
I have used the Sanitary Polish, "RONUK," for some time in our New Infirmary, Wards and Day Rooms, and consider it the best in the market. As a cleanser and preservative it does its work admirably; it is easy to use and most economical. I have no hesitation in recommending it to institutions in which Wood Block Flooring is in use, as it not only cleanses and preserves, but also improves them in appearance.
(Signed) VALENTINE W. BURDEN, Master.

SUPPLIED IN 14 LB. TINS.
