

HOSPITAL INTELLIGENCE.

REPORTS OF INSTITUTIONS, ETC., COMMUNICATED
AND COLLECTED.

At the annual meeting of the Chudleigh Nurse Association the accounts showed a balance in hand of £9 7s. 9d. The number of cases attended by the Nurse during the year was sixty, and one thousand two hundred and four visits were paid. Dr. Wade was elected secretary and Mr. Atkins treasurer. The Ladies' Committee was re-appointed. General Riddell, Rev. C. T. Ward, and Rev. W. Duke were appointed as referees.

* * *

WE are requested to draw attention to the following:—"An Appeal. Sir,—A ball will be given at the Town Hall, Limehouse, on Wednesday, May 1, in aid of the funds of the well-known and deserving charity, the East London Nursing Society. This society is doing a great deal of good in alleviating the sufferings of our poorer and less fortunate brothers and sisters (the working classes), who are unable to afford homely and proper treatment and professional advice in time of sickness. Tickets for the ball are five shillings each, and donations, ever so small, will be thankfully received by, yours, &c., P. J. ROTH CORNER, 113, Mile End Road, London, E., April 4."

OUR Birmingham Correspondent informs us that the Queen Victoria Nursing Institution, which was established in Wolverhampton in commemoration of her Majesty's Jubilee in 1887, is to come into practical existence and begin its work in June next. By the generosity of an old townsman, who has offered to defray rent, rates, and taxes for one year, premises have been taken in Clifton Terrace, Chapel Ash, and a Lady Superintendent has been appointed. It is proposed to commence with a staff of highly-trained Medical, Surgical, and Monthly Nurses, and to add, as the growth of the Institution permits, District Nurses for attendance upon the sick poor.

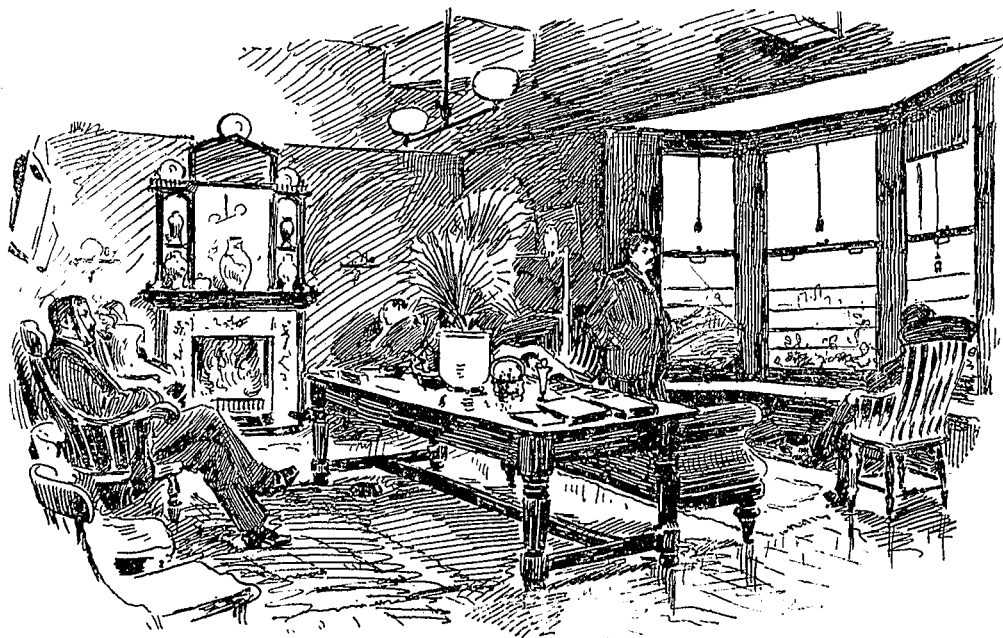

* * *

WE most heartily congratulate the Carlisle Sick Provision Fund upon—with the able financing of Mr. Crowder, the hon. treasurer—its splendid financial position. We only wish that such an institution, small though it may be, could be more generally imitated, as far as the careful husbanding of its monetary affairs is concerned.

* * *

THE Ayr Sick Poor Nursing Association has been the recipient of a large number of seasonable and acceptable gifts during the past month, all sorts of articles, from medicine bottles to marmalade, finding their way into the stores of the Society.
