"D.C.L." MALT EXTRACT

The DISTILLERS COMPANY, Limited, having exceptional experience of Maltng, and commanding the services of highly-trained Analytical Chemists, together with the choice of the finest Grain procurable, consider that they occupy an unusually favourable position for the manufacture of a Perfect Malt Extract, which they claim "D.C.L." to be. It is of course concentrated *in vacuo*, and the temperatures at which the Malted Barley Grst is mashed and the wort subsequently concentrated are carefully regulated, so as to ensure the production of a Pure Extract of Malted Barley of unusually high Diastasic strength and nutritive value.

HIGH TESTIMONY.—One of the most eminent Analysts states:

"The diastasic or starch converting power gives Malt Extract its chief value as an adjunct of Food. A smaller quantity of "D.C.L." MALT EXTRACT is required for such a purpose than of any other brand known to me."

The "D.C.L." MALT EXTRACT has a vast sphere of usefulness. It is practically indispensable in the nursery, the sick room, and the hospital, and it adds largely not only to the healthiness, but to the efficiency and pleasure of life.

"D.C.L." Malt Extract is sold in Bottles, and specially prepared lever lid Tins, by Chemists, Grocers, etc., Everywhere.

Mr. LABOUCHERE, M.P., in TRUTH, writes as follows:—"Messrs. Norman & Stacey have introduced in their business an ingenious safeguard against the risk of loss to his Widow or Family through the death of the Hirer. They give an Insurance upon his life, so that if, for instance, a man gets £200 worth of furniture on the hire-purchase system, and dies when instalments to the amount of £190 have been paid, not only does the furniture become the property of his representatives, but the £190 is also repaid to them."
