

**FOOD NOT MEDICINE.**

**“D.C.L.”  
MALT EXTRACT.**

THE DISTILLERS COMPANY, Limited, having exceptional experience of Malting, and commanding the services of highly-trained Analytical Chemists, together with the choice of the finest Grain procurable, consider that they occupy an unusually favourable position for the manufacture of a Perfect Malt Extract, which they claim “D.C.L.” to be. It is of course concentrated *in vacuo*, and the temperatures at which the Malted Barley Grist is mashed and the wort subsequently concentrated are carefully regulated, so as to ensure the production of a Pure Extract of Malted Barley of unusually high Diastasic strength and nutritive value.

**HIGH TESTIMONY.**—One of the most eminent Analysts states: “The diastasic or starch converting power gives Malt Extract its chief value as an adjunct of Food. A smaller quantity of “D.C.L.” MALT EXTRACT is required for such a purpose than of any other brand known to me.”

The “D.C.L.” MALT EXTRACT has a vast sphere of usefulness. It is practically indispensable in the nursery, the sick room, and the hospital, and it adds largely not only to the healthiness, but to the efficiency and pleasure of life.

“D.C.L.” Malt Extract is sold in Bottles, and specially prepared lever lid Tins, by Chemists, Grocers, etc., Everywhere.
