

AN IDEAL FOOD for
**CHILDREN, NURSING MOTHERS,
 INVALIDS,**
 And Persons of Weak Digestion.

**“D.C.L.”
 MALT EXTRACT.**

The virtues of “D.C.L.” Malt Extract are of a distinctly positive character, and while an excellent Food for the strong and healthy, it is remarkably so in the case of young children, invalids, and persons of weak digestion. For nursing mothers “D.C.L.” Malt Extract has no rival, and even in the case of wasting diseases, notably consumption, it has been proved again and again to be most efficacious. Such a preparation, therefore, well merits the encomiums its manufacturers are daily receiving, and in the opinion of medical men it takes high rank in the science of therapeutics. It may be added that “D.C.L.” Malt Extract is non-alcoholic, and its constituents so skillfully combined that it is thoroughly nourishing, rapidly restores vitality, is easily digested, and is acceptable to the most fastidious taste. In a word it is a “Perfect Food.”

“D.C.L.” Malt Extract is sold in Bottles and specially prepared lever lid Tins, by Chemists, Grocers, &c., everywhere.
 SOLE MANUFACTURERS—
