PATRON: H.R.H. THE PRINCE OF WALES. PRESIDENT: THE RT. HON. LORD BALFOUR OF BURLEIGH.

During the last 25 years over 22,000 persons suffering from infectious fevers, other than small-pox, have been treated in this Hospital, and probably ten times that number of persons have been saved from infection by the isolation of these sufferers.

Patients pay a fee equal to about one-fourth of their cost, the balance falling upon the funds of the Institution.

Subscribers of One Guinea or more annually for more than one year are Governors as long as they maintain their subscription. Donors of Ten Guineas or more are Governors for Life.

Governors have the right of priority of admission in time of pressure, as well as of treatment, free of all charge, for their own domestic servants.

Additional help in this great public work is urgently needed, and the benevolent are earnestly appealed to.

SUBSCRIPTIONS and DONATIONS will be gratefully received by the Secretary, at the Hospital.

MAJOR W. CHRISTIE.
