

IMPORTANT USES OF CORN FLOUR

Apart from its Food Value.

CORN FLOUR makes the best cosmetic or face powder, and for dusting irritated skin is very soothing and bland. For cuts, wounds and burns, it forms an excellent dressing. It blends freely with oil and makes a **Fine Healing Ointment**, and has the great advantage of being always at hand in cases of emergency.

Paste made from Corn Flour never decomposes as animal size and wheaten flour paste does, and is therefore particularly adapted for **use by Wall-Paperers** and for **Mounting Photographs**.

BROWN AND POLSON'S CORN FLOUR being specially prepared for food can always be relied upon for perfect purity.

IT IS BACTERIOLOGICALLY PURE.
