#### THE ANNUAL MEETING.

The Hon. Secretary reported that Miss Louisa Stevenson would preside at the morning and afternoon sessions of the meetings of the Society on May 8th, at 20, Hanover Square, and that satisfactory arrangements had been made for the Conference.

ETHEL G. FENWICK,  
Hon. Sec.

#### The Central Midwives' Board.

At a meeting of the Central Midwives' Board, held on Thursday, April 30th, at the Privy Council Office, Whitehall, Dr. Champneys in the chair,

1. Letters were read (i.) from the Local Government Board, enclosing copies of a circular letter and memorandum on the subject of the Midwives' Act, 1902, which they had sent to the Councils of counties and county boroughs in England and Wales; (ii.) from the Derbyshire County Council, urging the desirability of forming a rule requiring every midwife to report all cases of puerperal fever within her practice to the Medical Officer of Health of the district in which the case occurs, and also to the local supervising authority—the letter was referred to the Committee dealing with the subject; (iii.) from the Secretary of Queen Charlotte's Hospital, enclosing a petition praying for the recognition of the hospital's certificate as a sufficient qualification under Section 2 of the Act. The Secretary was instructed to reply that the question of admissions under Section 2 in respect of "such other certificate as may be approved by the Central Midwives' Board" could not be decided immediately, and that the memorial from Queen Charlotte's Hospital should have careful consideration.

2. The Chairman and Secretary reported as to offices which they had inspected, and the matter was left in their hands.

3. The question of the general standard of education to be required from candidates for examination was considered, and it was resolved that the examiners should have the power to reject any candidate not sufficiently instructed in elementary education.

4. It was resolved that the meetings of the Board should not be open to the public or to reporters except on special vote of the Board, but that the Secretary should furnish a summary of the proceedings to the Press.

5. Considerable progress was made in the drafting of rules under Section 3 (i.) of the Act.
