

hination of the essence of ox beef and fresh vegetables. It is worthy of the attention of those who appreciate the latter flavour.

COSENZA AND Co., 95, Wigmore Street, also had a stand, as usual, on which their well-known preparations were exhibited.

THE BRITISH SOMATOSE COMPANY, LTD., 165, Queen Victoria Street, E.C., showed their iron and their milk Somatose, made from beef, containing nearly 80 per cent. of meat albumen. These preparations are valuable in convalescence, acting as tonics, and creating an appetite. The newest preparation is liquid Somatose.

FOODS.

Amongst the preparations coming under the heading of foods must be mentioned:—

VIROL, prepared by Virol, Ltd., 52, Old Street, E.C., an emulsion of bone marrow, malt extract, eggs, lime, and lemon-juice.

Those of the CONDENSED EGG SYNDICATE, LTD., 85, Tooley Street, chief of which is "Ovumalt," containing the nutritive elements of fresh eggs in combination with malt extract.

MALTOVA, LTD., Leeds and London, also supply a food of this name. Maltova is a nutritious food which is prepared from a concentrated preparation of fresh eggs and malt extract, and is specially valuable where cod-liver oil is not tolerated.

MOSELEY'S FOOD, prepared by Moseley's Food, Ltd., Stockport, is a cereal preparation in which the starch is converted into a readily digestible and soluble product. It is palatable and quickly prepared, and is valuable for infants, invalids, and the aged.

HOVIS, another cereal food, rich in phosphates, was shown by the Hovis Bread Flour Company, Ltd., Macclesfield. Hovis bread and biscuits are worthy of trial.

THE SHREDDED WHEAT COMPANY, 6, Eastcheap, E.C., showed a new wafer "Triscuit," prepared from whole wheat, which should be useful in preparing savouries.

TELMA, LTD., 57, Fenchurch Street, E.C., showed, besides cocoa, invalid food, &c., some deliciously crisp and palatable biscuits.

KEEN, ROBINSON AND Co., LTD., Garlick Hill, E.C., exhibited once more their patent groats and barley, which have a well-established reputation.

COCOA.

Messrs. CADBURY BROS., LTD., Bourneville, near Birmingham, showed various dainty preparations of their chocolate and cocoa, which have a world-wide reputation for purity and excellence.

WINE.

Messrs. STEPHEN SMITH AND Co., LTD., Malmesbury Road, Bow, E., showed their well-known Keystone Burgundy, an unmedicated, slightly ferruginous wine, which is both palatable and within the reach of modest purses. Of medicated wines, Hall's Wine and Keystone Beef Wine, supplied by the same firm, hold a high place. Hall's Wine has a basis of old port, to which is added a maceration of coca leaves and Lemco. Keystone Beef Wine contains no coca, but is prepared from port, malt, and Lemco.

CELLULAR CLOTHING.

The value of ventilated clothing is now beginning to be appreciated. It is specially valuable where flannel cannot be tolerated. Excellent examples were shown by

THE CELLULAR CLOTHING COMPANY, LTD., 72, Fore Street, E.C., in Aertex Cellular Underwear, and by the

YORK STREET FLAX SPINNING COMPANY, LTD., 2, Milk Street, E.C., whose exhibits of Kneipp Linen Mesh were most attractive. It is claimed for this material that it is a preventive of prickly heat. If so, then one of the greatest discomforts of residence in the tropics will be conquered.

NURSING REQUISITES.

MESSRS. GARROULD, 150, Edgware Road, had a most attractive case, in which were exhibited their well-known nursing requisites of every description, and dolls in uniform demonstrated the many varieties of design supplied by this enterprising firm.

LESLIES, LTD., of Hopetoun House, Lloyd's Avenue, Fenchurch Street, E.C., showed many dainty preparations in surgical dressings, plasters and bandages. The Crêpe de Santé Belts (anti-chill) must be seen for their merits to be fully appreciated, and the Geneva Crêpe Bandages are also charming.

MESSRS. NEWTON, CHAMBERS AND Co., LTD., The Laboratories, Thorncliffe, near Sheffield, whose well-known disinfectant Izal is supplied to the Navy, the War Office, and the Civil Service, exhibited their valuable preparations; and

MESSRS. LAMONT, CORLISS AND Co., 11, Queen Victoria Street, E.C., showed their "Marvel Whirling Spray" syringe, which was awarded a Gold Medal and Diploma by the Société d'Hygiène de France at Paris, October 9th, 1902.

THE DENVER CHEMICAL MANUFACTURING COMPANY, 110, Cheapside, E.C., showed their Antiphlogistine, which has been favourably commented on in many medical papers. It is claimed for this preparation that it is the most practical, non-irritating antiseptic absorbent ever employed in the treatment of every kind of inflammation.

SOAPS.

OOWANA, LTD., 205, Victoria Street, S.W., showed their toilet soap and other preparations, which have only to be used to be appreciated.

WRIGHT, LAYMAN AND UMNEY, LTD., also showed their Coal Tar Soap and pharmaceutical specialties.

SALT.

THE SALT UNION, LTD., 41, Eastcheap, E.C., exhibited the Droitwich Brine Crystals, by means of which, under medical directions, the benefit of Droitwich brine can be brought to those who cannot visit this popular inland watering-place.

BATH CABINET.

THE EMPIRE BATH CABINET COMPANY, 40, Temple Chambers, exhibited an improved cabinet which secured the Gold Medal award at the International Toilet Exhibition held at Brighton.

FOUNTAIN PEN.

So many medical practitioners and nurses carry fountain pens that they will be glad to know of the non-leakable pen supplied by the Moore Non-Leakable Fountain Pen Company, 23, Fore Street Avenue, E.C. It should come as "a boon and a blessing."

TYPEWRITER.

THE OLIVER TYPEWRITER COMPANY, LTD., 75, Queen Victoria Street, E.C., showed a modern machine of which the specialties are visible writing, durability, and easy manipulation. The typewriter nowadays so frequently takes the place of the pen that we commend this to the attention of our readers.
