The new set of Prize Puzzles will be found on page viii.

The rules remain the same.

Congratulations to Mrs. Wates.

Many of our readers will unite with us in offering congratulations to Mrs. G. F. Wates (*née* Lofts), the Hon. Secretary of the League of St. Bartholomew's Hospital Nurses, on the birth of her little daughter, which took place on Saturday last. We can offer no better wish for the new arrival than that she shall grow up with her mother's keen sense of duty and capacity for discharging it.

League of St. Bartholomew's Hospital Nurses.

The general meeting of the League of St. Bartholomew's Hospital Nurses on Saturday last was one of the most important which has yet been held. The business meeting, by the kind permission of the authorities, took place in the Board

Room, as the Great Hall had been prepared for the event of the day, the presentation to Miss Courtney Smith, the retiring Assistant Matron, which function many members had come from a long distance to attend. The chair was taken punctually at three o'clock by Miss Isla Stewart, the President, who expressed her pleasure at welcoming once more so many of the members to a League meeting. She announced that owing to a joyous event Mrs. Wates, the able Hon. Secretary, who had conducted the business so efficiently during the past year, was unable to be present, and that Sister Surgery (Miss Armitage) had kindly consented at very short notice to act as her substitute. The President then said that there was a great deal of business to be got through, and as the members were due in the Great Hall at four o'clock they would at once proceed with it.

The minutes having been read and confirmed,

The Hon. Treasurer's report was then received.

In presenting it, Mrs. Dyll said it was a great pleasure to be able to announce to the League that their finances were in so satisfactory a condition. The total balance in hand was £67 14s. 8d., of which £41 3s. 5d. was credited to the General, and £26 11s. 3d. to the Benevolent Fund. This was the more satisfactory as during the past year, owing to the change in the date of issue of the "League News," three numbers instead of two had been brought out, entailing exceptional printing expenses.

The Report was unanimously adopted.

We congratulate the League on its excellent balance-sheet, for solvency is the test of the vitality of any association, and it is noteworthy how societies managed by women appreciate this fact, and conduct their affairs on a most economical basis. We must remember in this connection how much all the members are indebted to the hon. officers, who have given so much personal service, and thus allowed the funds to be husbanded.

The Hon. Secretary's report, which was presented by Sister Surgery, was also very satisfactory. It announced that since June, 1902, forty-seven new members had joined the League, and there were at present 470 members. The report noted with satisfaction the promptness with which the members paid up their subscriptions.
