### MATRONS.

**St. George's Hospital, London.**—Miss E. McCall Anderson, R.R.C., has been appointed Matron of St. George's Hospital. She was trained at the Royal Infirmary, Dundee, and worked in South Africa during the war, being awarded the Royal Red Cross for her services in that connection. Subsequently she held the position of Assistant-Matron at St. George's Hospital for four years, part of which time she did Matron's duties owing to the illness of Miss Smedley. She resigned the position on her appointment as Matron of the Royal Victoria Infirmary, Newcastle-on-Tyne, which she at present holds. The honour conferred upon Miss McCall Anderson in inviting her to accept the Matronship of a great London training school, is a great testimony to the Committee's appreciation of her work at St. George's.

Resolved—"That, in accepting the resignation of Miss Lyons, Lady Superintendent of the Hospital, the Joint Committee desire to express their regret at her recent illness, which has induced her to resign. They also desire to express their grateful appreciation of the efficient manner in which she discharged the onerous duties attaching to her appointment during her lengthened service of nearly 24 years."

## Presentation.

An interesting function took place recently in the Lecture Hall of the Nurses' Home at the Belfast Workhouse, when the Lady Superintendent of the Workhouse Infirmary, Miss S. Ward, who had been appointed to a similar position at the Greenwich Infirmary, was presented by the nursing staff with a gold watch, a gold bangle, and a silver-mounted umbrella. The presentation was made by Mr. R. H. Wilson, the Workhouse Master, on behalf of the nurses. The male officers of the Infirmary and Convalescent Departments presented a gold-mounted fountain pen, and the Workhouse Master, Dr. Magill, medical officer, and others spoke eulogistically of Miss Ward's abilities, and wished her every success in her new work. Miss Ward replied in cordial terms.
