BILL IN THE HOUSE OF LORDS.

The Hon. Secretary, in her report, gave a short resumé of the action taken to oppose the Directory of Nurses' Bill in the House of Lords, which was rejected by a majority of 33, and stated that, upon the recommendation of their Parliamentary advisers, it had been agreed to introduce the Bill of the Society into the House of Lords. This had been done by Lord Ampthill on Tuesday, the 23rd June, and it was important that every effort should be made to secure its passing into law.

NATIONAL COUNCIL OF TRAINED NURSES.

The Hon. Secretary reported that there were vacancies for two delegates from the Society on the Grand Council of the National Council of Nurses, owing to her own election as President of the National Council, and that Miss Heather Bigg had accepted nomination as a delegate of the Matrons' Council. Miss E. M. Roberts and Miss E. C. Kingsford, who were willing to serve, were elected to fill the vacancies, the Hon. Albinia Brodrick and Mrs. Walter Spencer making the regulation number of four.
