PRESENTATION TO MISS HANNA.

On Thursday afternoon, July 2nd, an informal but interesting function took place at the City of Dublin Nursing Institution, when Miss Hanna, one of the staff, was entertained to tea, and given a presentation by Mrs. Kildare Treacy, Lady Manager, and by the nurses, before she left to take up her duties as Matron of Mercer's Hospital. The tables were beautifully decorated with smilax and pink sweet pea. The gifts presented were a silver tea set, a silver granny clock, and a handsome brass paper clip. They all bore the following inscription: "Presented to Miss Hanna by Mrs. Kildare Treacy and Nurses of C.D.N.I., July, 1908." The maids of the institution, also gave her a set of silver afternoon teaspoons and sugar tongs in a case, which bore a card inscribed "To Miss Hanna, from Catherine and Mary, with best wishes, July, 1908."

Mrs. Treacy, in asking Miss Hanna to accept them, said, "They all were just a souvenir, a garland of love from all, and to express their affectionate regard and deep regrets at her departure from amongst them after ten years' connection and valuable services to the Home, as Mrs. Treacy's right hand." Miss Hanna replied, thanking all warmly for their kind thought and handsome presents, and then left for the new sphere for her labours, with best wishes from all present.
