DIRECT REPRESENTATION OF MIDWIVES ON THE C.M.B.

The Union of Midwives has approached the Lord President of the Council on the subject of the direct representation of midwives on their governing body, stating that the Committee are of opinion that no Bill will be acceptable to midwives that does not lay the foundation for a comprehensive representation of directly elected midwives on the Central Midwives' Board.

Sir Almeric Fitzroy, Clerk to the Council, has informed Miss Macdonald, Secretary of the Union, that "the Lord President is of opinion that no useful purpose would be served by his receiving a deputation from the Union of Midwives" on the question raised in her letter. It is greatly to be regretted that the Lord President has declined to receive a deputation on this vital subject, but it must be remembered that Lord Wolverhampton, in his Amendment Bill, has for the first time ensured the presence of two midwives on the Board.
