WEDDING BELLS.

Miss J. Sutherland, who attended the meeting of the International Council of Nurses at Cologne last year as a delegate from the New Zealand Trained Nurses' Association, has recently been married to Mr. James Dunnett, M.P., of Ottawa, and for the future her home will be in Canada. The marriage of Miss Sutherland, whose dignity and charm won all hearts at Cologne, will be no surprise to the many friends she made there from all lands, and they will, we feel sure, unite with us in hoping that her wedding bells rang in a very happy era in the lives of herself and her husband. Mrs. Dunnett will be greatly missed in the nursing world in New Zealand; Canadian nurses will, however, gain a warm friend.
