### KING EDWARD VII ORDER OF NURSES.

Miss Alice M. Beedie has been appointed Matron of the Dorothy Centre at Kroonstad O.F.S. of the above Order. Miss Beedie, as a member of the Matrons' Council, is well known for her first-class work at home and abroad. She has recently held the position of Matron of the Eastern Telegraph Co. station at St. Helena Island. Indefatigable and devoted to duty, and keenly interested in all movements for the progress of nursing, we think the Order has made a very wise choice in the selection of its first Matron.

The Dorothy Nurses' Home is, we hear, beginning to look homelike and beautiful. The gift of lovely books donated by Lady Gladstone are now in their handsome case. Her Excellency has also presented to the Centre and to the two single district nurses a complete outfit maternity bag, quite incalculable gifts.

An excellent property in which to start the Natal Centre of the Order has been purchased; it is now in the hands of the decorators and will soon be ready for occupation.
