THE PASSING BELL.

It is with great regret that we record the death of Sister Emmie Lindhagen, President of the Swedish Nurses Association. Sister Lindhagen was a distinguished member of our profession in Sweden, and when the Lower House of Parliament in that country in 1911 proposed an enquiry into Swedish Nursing, she was one of three nurses, officers of the Swedish Nurses Association, appointed on to a special Committee of Enquiry. Sister Lindhagen attended the International Congress of Nurses at Cologne in 1912, where she made many friends. At the time of her death she was President of the Swedish Nurses Association, to which we offer our sincere sympathy in the loss it has sustained.
