BABY, ROBINSON.

"I took Virol as Baby was not thriving"

107, Cobham Road,
South Park, Ilford.

Mrs. ROBINSON writes:—

I have much pleasure in sending my baby's photo to you. Your Virol has indeed proved a blessing to us—for both myself and baby. She is entirely breast-fed, except for a little Virol which I gave her when teething. I took the Virol myself, as baby was not thriving, and very soon found the benefit of it for us both.

Now at nine months she is splendidly well and strong, so solid and firm, and walks round the room holding the chairs.

"In all the cases in which I tried it, the women not only expressed themselves as much stronger, but looked much better and gained in weight at the rate of about four to five pounds a week."—DR. FELDMAN, Lecturer in Midwifery and Hygiene for the London County Council.
