THE FINANCIAL REPORT OF THE. COLLEGE OF NURSING, LTD.

Trained nurses are proverbial for the vast amount of work they accomplish at very little cost through their self-governing societies, so that the Financial Report of the College of Nursing, Ltd., which is largely managed for them by men, should prove of great interest, and as it is their money which is being administered, it is their duty to know how it is being spent. We publish below the Second Annual Report of the Treasurer:—
