

Lactopeptine  
is not a  
Single Digestive  
but a compound  
of all the  
Digestive Ferments

*Lactopeptine*

THE proprietors of this old-established digestive remedy, which has been prescribed by the medical profession for over 40 years, will be pleased to send samples (Tablet and Powder form) free of charge to any Medical Man.

Formula		
Sugar of Milk	... 40 ounces	} See Label on each Bottle
Pepsin	... 8 "	
Pancreatine...	... 6 "	
Ptyalin or Diastase	4 drachms	
Lactic Acid	... 5 fl "	
Hydrochloric Acid	5 " "	

The high test of the digestive ferments used in Lactopeptine (Pepsin 1:4000) and their freedom from animal impurities make it both efficient and palatable. In the tablet form it is conveniently carried, and the pineapple juice used as an excipient lends a pleasant flavour to this form.

British Depot: 46, HOLBORN VIADUCT, LONDON, E.C.1.

Dispensed in 1 oz. (4/6) and ½ oz. (2/9) bottles, in powder or tablet form. To prevent substitution, Medical men are requested to prescribe Lactopeptine in original bottles.

# NURSE!

ONE MOMENT PLEASE.

In your professional career you must come across many cases where the regular use of "Wincarnis" would be of inestimable value to patients. In debility, anaemia, mal-nutrition, insomnia, nervous breakdown and particularly in prolonged convalescence after a serious illness 'Wincarnis' has an extraordinary stimulating and strengthening effect—but unlike drugs which only give a fictitious strength, "Wincarnis" gives a strength which is lasting, because in each wineglassful of "Wincarnis" there is a standardised amount of nutriment.

'Wincarnis' is supplied to the Houses of Parliament, The King and Queen of Spain, The Royal Army Medical Corps, and His Majesty's Forces. It is regularly prescribed by Doctors and recommended by thousands of nurses.

Over 10,000 Doctors recommend it.
