

BOOTS THE CHEMISTS make every provision for the surgical requirements of the medical profession and the general public; and the comprehensive scale upon which appliances are stocked at their branches is a service of real value. At some of their larger branches special surgical departments have been established, at which a feature of great usefulness is the constant attendance of a trained nurse ready to render advice and assistance when needed. All requirements of a special nature which are entrusted to **BOOTS THE CHEMISTS** are carried out with the utmost precision and promptitude.
