

# A Nutrient Laxative

that gives

## Hope, Health & Happiness

and regularity without aperients.

Defective action of the bowel is frequently slow and cumulative, leading to excessive bacterial activity and the production of microbic poisons that are absorbed into the blood, with consequent headaches, depression and general ill-health. This condition cannot be dealt with by occasional evacuation with purgatives, which do not deal with the cause of the trouble and usually aggravate the underlying disability.

The perfect regulation of the action of the bowel is attained by Virolax—a combination of Virol with Liquid Paraffin, in which the paraffin is so finely subdivided that proper lubrication of the intestines is ensured and regular action is promoted. The nutrient properties of Virolax are so concentrated and digestible that it tones the system without overtaxing the already dilated bowel.
