

The First Trial of MILTON almost invariably evokes the comment—

What a Godsend to every Nurse!

LISTEN! Do you know of anything else like this ?

1. INSTANTLY DESTROYS ODOURS

A tablespoonful or two of MILTON added to the water in a bedpan or a closet seat before use will keep the room absolutely free from any odour, even in the most unpleasant cases. MILTON does not cover up one strong smell with a stronger one, but it *instantly destroys* any and every sickroom smell. This effect is really astonishing; also, it is really a Godsend to every nurse.

2. CANNOT IRRITATE OR BURN

This applies both to the skin and to the most delicate membranes. Of this there is ample and conclusive proof.

3. ABSOLUTELY NON-POISONOUS

It is priceless for internal (as well as external) use, especially for douching.

4. DOES NOT STAIN LINEN OR DRESSINGS

On the other hand it will swiftly remove all stains from any white linen or cotton goods, without the least burning or injury to the fabric.

5. A BOON FOR TIRED FEET

The relief is rapid and seems almost magical. TRY IT!

6. AN INVALUABLE ANTISEPTIC

Most exhaustive clinical and bacteriological tests have shown that for all Antiseptic and Disinfectant purposes MILTON compares favourably with any preparation heretofore produced.

We will gladly furnish full Analysis, Bacteriological tables and medical data to support every claim which is made for MILTON. Complete directions accompany every bottle.

ALL CHEMISTS STOCK MILTON

If you have not tried MILTON your professional card will bring you a sample bottle. Write to Dept. B.J.N

MILTON MANUFACTURING CO., Ltd., 125, BUNHILL ROW, LONDON, E.C.1
