

Why does the Nurse

never hesitate to use Nujol to overcome constipation ?

Because she knows that Nujol is not a drug ; does not act like any drug ; is not absorbed ; does not affect digestion ; is pure, and acts mechanically, not medicinally. The causes that induce constipation are 90% mechanical.

Nujol softens and moistens fecal matter, lubricates the bowels, promotes peristalsis, absorbs and removes toxins.

Nujol establishes regular, thorough bowel movement.

Nujol can be used at any age, in either sex, under any conditions.

The Nurse takes Nujol herself whenever she needs Nujol.

NURSE!

ONE MOMENT PLEASE.

In your professional career you must come across many cases where the regular use of "Wincarnis" would be of inestimable value to patients. In debility, anemia, mal-nutrition, insomnia, nervous breakdown and particularly in prolonged convalescence after a serious illness 'Wincarnis' has an extraordinary stimulating and strengthening effect—but unlike drugs which only give a fictitious strength, "Wincarnis" gives a strength which is lasting, because in each wineglassful of "Wincarnis" there is a standardised amount of nutriment. 'Wincarnis' is supplied to the Houses of Parliament, the King and Queen of Spain. The Royal Army Medical Corps, and His Majesty's Forces. It is regularly prescribed by Doctors and recommended by thousands of nurses.

Over 10,000 Doctors
recommend it.
