Why does the Nurse

never hesitate to use Nujol to overcome constipation ?

Because she knows that Nujol is not a drug ; does not act like any drug ; is not absorbed ; does not affect digestion ; is pure, and acts mechanically, not medicinally. The causes that induce constipation are 90% mechanical.

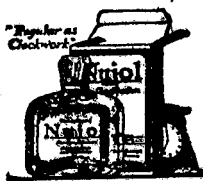

Nujol softens and moistens fecal matter, lubricates the bowels, promotes peristalsis, absorbs and removes toxins.

Nujol establishes regular, thorough bowel movement.

Nujol can be used at any age, in either sex, under any conditions.

The Nurse takes Nujol herself whenever she needs Nujol.

Nujol
TRADE MARK
For Constipation
