THE PERFECT TEAT

**INGRAM'S PATENT
BAND TEAT AND VALVE**

"Agrisippa"
REGD. TRADE MARK

The "Agrisippa" Teat and Valve are perfectly hygienic. The Rubber has been specially prepared so as to withstand actual boiling, and does not deteriorate by frequent repetition of this boiling process.

The "Agrisippa" Teat possesses a little flat cushion at the base, which gives comfort to the child when taking its food, and is the nearest copy to Nature, so far as feeding facilities are concerned.

The chief feature of the "Agrisippa" Patent is the extraordinary gripping power caused by the interior band of rubber which holds on to the bottle, absolutely refusing to accidentally slip off.

The "Agrisippa" Teat will fit any make of Boat-shape Feeding Bottle.

Price—Teats, 4d. each; Valves, 3d. each.

We are always pleased to send a sample of the Patent "Agrisippa" Teat and Valve on receipt of professional card.
