For over 20 years Virol has been prescribed by doctors and used in Hospitals. During all this time doctors have been carefully observing the effects of Virol, and proving its *permanent* good results over long periods of time.

The result is that they have enormously increased their use of Virol, until the prescribed portions in Hospitals and Clinics alone last year reached the colossal figure of 40 million.

The prescribing of Virol by doctors is based on their knowledge that Virol not only contains those vital principles, including the three Vitamins, so often lacking in ordinary diet, but also supplies "every class of building material" in just that form required to create living tissue. Virol fortifies the whole system, strengthens the "weak spots," and builds up in convalescence.
