

# PROSTRATION

**I**N cases of extreme exhaustion Virol is often the one food which can help the patient. It throws absolutely no tax on the digestion, and supplies just those valuable elements which the patient must receive if health is to be restored.

**Small quantities of Virol or Virol and Milk given at frequent intervals will help the patient over the difficult stage.**

As soon as more normal conditions are restored, the Virol should be continued between meals. Virol hastens convalescence and leads to rapid recovery. The confidence of Doctors in Virol is shown by the fact that

**40 million prescribed portions of VIROL were given in 3,000 Hospitals and Clinics last year**

# VIROL
